

For Your Pleasure Hosting Planner

*T*hank you so much for opening your home and sharing your time with me. I am looking forward to our For Your Pleasure Party!

With our motto - *Tastefully Done...Tastefully Fun*, the party is guaranteed to be an enjoyable event for everyone!

Working together, *just imagine what we can do!*
It's as Easy as 1, 2, 3...

1. Be Excited! Enthusiasm is contagious. If you show how excited you are, your guests will be excited too! Everyone loves a party!

2. Over Invite! Invite everyone you know and ask them to bring a guest or two. Remember: Everyone loves an invitation! Let each guest decide if they will attend. Personally invite 40 people, often only one third of those invited are able to attend. Great attendance will increase party sales, which will increase your free products!

3. Collect Outside Orders! Collecting orders from those who are unable to attend will increase your overall show totals. Any outside orders and payments can be placed in an envelope to ensure confidentiality.

*You invite the guests...
We do all the rest!*

I have reserved the following time for your party:

Notes:

Tips for a successful show!

- All ordering is done confidentially and should be separate from the show.
- A private room works very well!
- Payment for orders will be accepted at the show. I accept cash, check (payable to me), MasterCard, Visa, Discover Card & American Express. (\$25 returned-check fee)
- Delivery of orders, in most cases, will be around 10 – 14 days. Orders are delivered to the hostess; each individual order is bagged and labeled with the guest name and phone number for easy delivery. Direct shipment is available to each guest for an additional charge.
- For Your Pleasure Parties are for adults 18 years or older. Please, no children or infants. If children are present I will not be able to conduct your show. It is against the law.
- Keep refreshments simple and easy, you want to enjoy the show too! Bear in mind we will have our hands busy passing products around all evening.
